

WASHINGTON City was the scene yesterday of a terrible conflagration Monday morning. At seven o'clock the city was occupied by Secretary Tracy and his family caught fire while the inhabitants were yet asleep. The smoke kept them chained in slumber until they all came near being burned with the building. Miss Tracy and her French maid perished in the burning building. Tracy jumped from an upper window and died in a few minutes. Mrs. Wilmerding, a married daughter of Secretary Tracy, and her daughter, received slight injuries when jumping from a window. Secretary Tracy was taken from the house in an unconscious condition, and was a terrible blow and brings sadness to many hearts.

NOTE OF RECENT AFFAIRS
While the Government of Represen-
tatives is remaining aloof without any
set methods the antiquated social sys-
tem continues to stick to the iron-
clad rules of procedure which have not been
modified since the appearance of the
first regular army. (Henderson Jour-

Being forced to yield, he complained with some bitterness to Cardinal Antonini, secretary of state to Pius IX, who said he would refer the matter to his holiness. Indigestion

It is not only a distressing complaint,

but it is, by causing the blood to

become depraved and the system un-

derbalanced, the parent of numerous

maladies. That Ayer's Sarsaparilla

is the best cure for indigestion, is

proved by the following testimony:

From Mrs. Joseph Lake, of Brooklyn,

Conn., Mich.: "I have suffered from

indigestion for many years, and have

tried many remedies, but have not

found any relief until I began to use

Ayer's Sarsaparilla. It has cured me

of indigestion, and I feel much better

than I have for many years. I can

eat and sleep much better, and I feel

much stronger. I can now do my

work as usual, and I feel much

better than I have for many years.

I can now eat and sleep much better,

and I feel much stronger. I can now

do my work as usual, and I feel much

better than I have for many years.

I can now eat and sleep much better,

and I feel much stronger. I can now

do my work as usual, and I feel much

better than I have for many years.

I can now eat and sleep much better,

and I feel much stronger. I can now

do my work as usual, and I feel much

better than I have for many years.

I can now eat and sleep much better,

and I feel much stronger. I can now

do my work as usual, and I feel much

better than I have for many years.

I can now eat and sleep much better,

and I feel much stronger. I can now

do my work as usual, and I feel much

better than I have for many years.

I can now eat and sleep much better,

and I feel much stronger. I can now

do my work as usual, and I feel much

better than I have for many years.
